

EuSEM Disaster Medicine Section chair's report 28th September 2014

1. Creation of a LinkedIn EuSEM Disaster Medicine Section website, for communications and discussions among members.
2. Creation of a unique [gmail.com](mailto:euSEM@gmail.com) address for communications among the members of the so called ThinkTank
3. Creation of the DM section's logo for the correspondence to and from the Section and for headlining presentations. Already approved by ExCom, as per Ruth's communication
4. Affiliations with institutions for the elaboration and creation of transnational disaster protocols.
5. Already signed with the Shourasky Hospital of Tel Aviv with Pinny Halpern, and with the Athens University Med School 2nd Level Master in Health Crisis and International Medicine (where Steve is Visiting Professor). Third institution is the Katastrophen Medizin Institute of Tuebingen (awaiting documentation from Prof Berndt Domres). Given the effort and time to obtain this collaboration, hope of Chair and TT is that the new Chair will continue on this road.
6. Chair will be represented at the DMS Business meeting by vice chair Luc Mortelmans.
7. Elections for new chair are being organized and mechanisms will be defined at Business Meeting.
8. The DM track is defined and Steve's talk and moderation filled in.
9. Although Chair had resigned, Steve ran the DM WS in Amsterdam.
