

Abstract Submission

Abstract submission DEADLINE: 28/04/2023 6PM CEST

- Before you can submit your abstract you must login to your MyEUSEM online account.
- If you are already in the database, you can retrieve your password.
- Once you are logged in and you completed your profile, you click on the Abstract Submission SEEDMC link.
- You can be sure your already submitted abstract and details are still retrievable.
- No need to be registered to the congress to submit.
- If you have any problems with the previous steps, please send an email to congress@eusem.org

The final decision on the presentation format of all selected abstracts lies at the sole discretion of the Scientific Committee.

Abstracts submitted after the stipulated deadline will not be considered.

Authors are strongly advised to submit prior to the deadline and avoid unnecessary delays which may affect the standing of their abstract.

The copyright of the abstract(s) are retained by the author(s). However, the author(s) give permission to the Organising Committee of SEEDMC to print the abstract(s) on the congress website.

Abstract Policy and Regulations

With the submission of an abstract to the 4th SEEDMC congress, the presenting author:

- Certifies to be an investigator with substantial involvement in the clinical study presented in the abstract.
- Accepts responsibility for the accuracy of the submitted abstract.
- Accepts to be the contact person for all correspondence regarding the abstract and inform co-authors of its status.
- Confirms that all co-authors are aware of and agree to the content of the abstract and support the data presented.
- States that for all studies involving human or animal subjects, permission has been obtained from the relevant regulatory authority and informed consent given where appropriate.

- For abstracts containing clinical trial data include: Trial abbreviation; Trial Registry Number or ID background; Objective, Design, Population studied (including sample size), Intervention, Outcome measure (s), Analysis, Trial status, Trial sponsor(s).

- Identifies, obtains and discloses any financial interest in products or processes described in the abstract for all abstract authors. This includes stock ownership, membership on an advisory board or board of directors, corporate-sponsored research and other substantive relationships.
- The copyright of the abstract(s) are retained by the author(s). However, the author(s) give permission to the Organising Committee of SEEDMC to print the abstract(s) on the congress website.

Abstract Preparation and Submission

- Abstracts must be submitted in good English and carefully proofread to ensure the accuracy of published material.
- Authors may provide their preference of presentation format: oral presentation, poster displayed.
- Please choose one topic for submission. The Scientific Committee has the authority to re-categorise the abstract.
- The title of the abstract should be concise and accurately describe the study undertaken. Do not use non-standard abbreviations and commercial names (generic names only).

Abstracts should be structured to include the following 4 sections:

- **Background:** introductory sentence specifying the purpose of the study
- **Material and methods:** brief description of relevant experimental procedures.
- **Results:** summary of the results of the investigation

- **Conclusions:** a statement of the main conclusions

NOTE:

- The abstract submission system will not accept abstracts that exceed 2500 characters (including body of the abstract, spaces and one table).
- Only one data table is permitted in the body of the abstract. Illustrations and figures are not allowed and will be deleted if submitted.
- Abbreviations may be used if standard or if spelled out and defined at the first use (put in parentheses immediately after the first mention of a term or phrase). Compounds should be mentioned with the generic name, in lower cases. Commercial names are admitted in the text, with an ®, and if in brackets following the generic name, i.e. “generic (Commercial ®)”.
- Up to 3 keywords should be provided to distinguish the abstract for indexing purposes.
- No more than 20 authors can be listed with only their institutional affiliation(s), city and country. Mailing addresses and academic degrees should not be mentioned. For co-operative study groups, the name of the group should be used instead of individual institutional affiliations or include the name of the group in the title of the abstract.
- An e-mail confirming receipt of the abstract submitted online will be sent to the presenting author within 48 hours. An abstract number will be allocated and should be mentioned for any queries relating to the submitted abstract

Abstract Selection Process

Abstracts submitted for presentation to the 4th SEEDMC congress will be reviewed by the scientific committee. The final decision on the presentation format of all selected abstracts is made by the Scientific Committee.

Possible presentation formats are applicable:

Oral presentation

Abstracts of superior quality can be selected for presentation in a session where discussants will place the research findings into perspective.

Poster displayed

The Scientific Committee will make a special selection of posters which will be placed on electronic boards or on a poster board

Registration

Submitting an abstract for presentation in congress does not constitute registration for the conference. When selected, abstract presenters must register to attend the 4th SEEDMC congress in Tirana.

The presenting author will receive a letter with the result of the review and the Scientific Committee's decision on the abstract by beginning of May.
