

Hello all Young Emergency Medicine Doctors!

My name is Bulut Demirel working as an Emergency Specialist in Ankara, Turkey. I have been a member of YEMD Section of EUSEM as communications lead for 2 years and love it. Now it is time for me to use the experiences I learnt while in that position to improve the communication and synchronization of YEMD leads as well as among members. I think a well-equipped person should be in charge for this position like me who is responsible for more than 27 social media accounts and running events and meeting for 3 different associations.

NOW IT IS TIME TO VOTE! And do in favor of right candidate! For any questions and details please do not hesitate to mail me!

Sincerely

Bulut Demirel
