Motivation letter

I am writing to express my interest in YEMD Congress track lead as it has always been my ambition to be an active part of a European society for emergency medicine.

During the correspondence with Dr. Martin Fändler I developed a strong interest in interaction and communication with experts in emergency medicine all over the world; thus, combining my love for research and desire for direct contact with distinguished emergency physicians, I have been listening through podcasts for years and they have been my role models.

I believe there is no better place to continue my academic career. I am very diligent, organized and highly motivated. Considering my academic performance and my desire to enrich my knowledge of emergency medicine, I am convinced that I will be a valuable addition. I hope to be given this chance, as I am confident that capable of meeting Your expectations.

Thank You for considering my application.

Yours sincerely,

Bojana Radulović, MD, PhD
